Use the Pricing tab to generate Pricing Templates and Pricing Runs for your projects. You can also create custom Contracts and Reports.

1. Generate a Pricing Run

Select a Pricing Template to generate a Pricing Run for the job. See a list of all your Pricing Runs in the dropdown list. Runs are preserved and **will not change unless refreshed**.

Template Summary (May 01, 20)   Filter

- Custom Cabinet Bid (May 01, 20)
- Job Costing (May 01, 20)
- Summary (May 01, 20)
- + Select Template

2. Filter a Pricing Run

If Room Filters were added to your Pricing Runs, select from the list Room Filters for your current Pricing Run.

3. Create a Report

Create a Report for this Pricing Run.

4. See the items used in your Pricing Template

Create a Report for this Pricing Run. You can edit any of these values by typing in the table cells. Any manual edits will appear in light blue.

Tax	Item	Description	QTY	Units	Amount	Markup	Total

5. Template Editor

Click here to make your Pricing Templates. This will open the Pricing Template Editor.

6. Report Editor

Click here to open the Report Editor for the pricing Run.

7. Pricing Settings

Click here to open the Pricing Settings menu. Select your pricing options such as Labor Settings, Material Usage calculation method, Finished Area calculations, etc.

8. Export

Export the current Pricing Run to a CSV file. CSV files can be opened with other software such as Microsoft Excel.

9. Refresh

If changes were made in your project you may want to refresh your Pricing Template to update it to include your changes.

10. What If Pricing

What If Pricing will allow you to make changes to your Library selections such as Doors, Guides, Materials, etc. and in real time, see the effect on the Total Price of the Job. If your client accepts these changes, click "Accept" to change your Settings in the Job.

11. Change Order

Change Orders can be added to your job. After a Pricing Run has been generated, and changes are made to your design, you can generate a Change Order, itemizing only the changes made in your job.
